VOL. XXXXVII: NO. 7. REDWOOD CITY, CAL., SATURDAY, MAY 27, 1905. ESTABLISHED, 1859

AN ASSURED FACT.

Work on the Bay Shore Cut-off is proceeding rapidly and we are soon to have the pleasure of traveling to Frisco in 35 minutes.

Redwood will then be in a position to receive all who desire to live here, as the large tracts of land now held from the market will have been opened up and our day arrived.

We have prepared ourselves to be able to handle our portion of the trade wnen that day comes and to-day we are receiving grand support from all sides.

Best place to trade.

Good Health to the Children

Children especially are fond of dainties, and the housekeeper must look carefully to their food.

As good cake can be made only with good eggs, so also a cake that is healthful as well as dainty must be raised with a pure and perfect baking powder.

Royal Baking Powder is indispensable in the preparation of the highest quality of food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., and what is more important, renders the food wholesome and agreeable to young and old.

VILLAGES IN THE DARK.

Japanese Settlements Amid Dense Groves of Evergreens.

Without having actually seen them you cannot imagine how dark some Japanese country villages remain, even in the brightest and hottest weather. In the neighborhood of Tokyo itself there are many villages of this kind. At a short distance from such a settlement you see no houses; nothing is visible but a dense grove of evergreen trees.

The grove, which is usually composed of young cedars and bamboos, serves to shelter the village from storms and also to supply timber for various purposes. So closely are the trees planted that there is no room to pass between the trunks of them; they stand straight as masts and mingle their crests so as to form a roof that excludes the sun. Each thatched cottage occupies a clear space in the plantation, the trees forming a fence about it double the height of the building. Under the trees it is always twilight, even at high noon, and the houses, morning and evening, are half in shadow. What makes the first impression of such a village almost disquieting is not the transparent gloom, which has a certain weird charm of its own, but the stillness.

There may be fifty or a hundred dwellings, but you see nobody and hear no sound but the twitter of invisible birds, the occasional crowing of cocks and the shrilling cicadae. Even the cicadae find these groves too dim and sing faintly. Being sun lovers, they prefer the trees outside the village. I forgot to say that you may sometimes hear a viewless shuttle—chaka-ton, chaka-ton—but that familiar sound in the great green silence seems an elfish happening. The reason of the hush is simply that the people are not at home. All the adults have gone to the neighboring fields, the women carrying their babies on their backs, and most of the children have gone to the nearest school, perhaps not less than a mile away.—Atlantic.

Distress Signals at Sea.

When ships at sea are in want of provisions and starving, the signal used is a pendant with a ball underneath. Should the signal be reversed—i. e., ball uppermost—it would signify that the vessel addressed was running into danger. If a ball should be hoisted superior to a large square flag it would denote that the cargo is on fire or ship leaking and requires immediate assistance. All "distant signals" are answered by hoisting a ball at ship's masthead or masthead of signal staff on shore and are used at all times when the colors of a ship's flag cannot be distinguished. The above are international signals.

Seaweeds.

Aside from their use as food by man and beast and as fertilizer in agriculture, seaweeds have numerous uses in the arts and sciences. From them are obtained soda, chlorides, sulphates, silicates, iodine, bromine and gelose. They have ever occupied an important place in the rude pharmacopoeia of the untutored savage as well as of the higher one of his more civilized brethren. Certain varieties are used in stuffing chairs and beds. They are especially suitable for the latter purpose, as their aromatic smell is said to drive insects away.

SCOTT'S EMULSION

Scott's Emulsion is the means of life and of the enjoyment of life of thousands of men, women and children.

To the men Scott's Emulsion gives the flesh and strength so necessary for the cure of consumption and the repairing of body losses from any wasting disease.

For women Scott's Emulsion does this and more. It is a most sustaining food and tonic for the special trials that women have to bear.

To children Scott's Emulsion gives food and strength for growth of flesh and bone and blood. For pale girls, for thin and sickly boys Scott's Emulsion is a great help.

THE BIBLE ON WINE DRINKING

Writing to the Los Angeles Herald in support of his contention that the wine drank by Christ and his disciples at the Last Supper was merely unfermented juice of the grape. Rev. Stephen Bowers says there is but one place in the Old Testament wherein wine is recommended as a medicine. Mr. Bowers has not read his bible carefully if he finds that all its references to wine are made to impress either temperance or abstinence. But he makes a strong oversight in quoting the fourth verse of the thirty-first chapter of Proverbs and ignoring the sixth verse of the same chapter. The fourth verse says: "It is not for kings, O Lemuel, it is not for kings to drink wine; nor for princes strong drink."

The sixth verse reads as follows: "Give strong drink unto him that is ready to perish, and wine unto those that be of heavy hearts." And the seventh verse significantly adds, "Let him drink, and forget his poverty, and remember his misery no more." Clearly this recommends drinking fermented wine to the point of intoxication. It is a plain exhortation for those in poverty and misery to drown their sorrows in drink, yet Proverbs xxi, 17, says, "he that loveth wine and oil shall not be rich." We are also told that "wine is a mocker and strong drink raging," a fact we all realize without taking the testimony of the Holy Writ. But why does Mr. Bowers ignore the passage of Scripture recommending the poor and miserable to drink that they forget their poverty and cease to remember their misery?

RAILROAD THOUGHTS.

Along the coast the distance between Santa Cruz and San Francisco is 83 miles. This means the construction of fully 100 miles of railroad. It is said that an electric railroad will be built over this section in from fifteen to eighteen months. This means more than five miles a month, more than one mile a week. How does this strike you? It is said that electric cars will make the run in between the cities named in two hours, 42 miles an hour. Don't that declaration jar you? Think how long it takes to make an electric car run from Santa Cruz to Capitola, from San Mateo to San Francisco. Will elsctric cars, with heavier grades, more and sharper curves, and more frequent stops, travel faster than steam cars? The present distance frym this city to San Francisco over the narrow-gauge is 81 miles and the time about four hours. Can this time be beaten by an electric coast railroad, and if it can, how much?

A practical man from the East tells us that one of the best electric roads on the Attantic side connects Ann Arbor and Detroit, Michigan, and that it takes two hours to make the run of 38 miles.—Santa Cruz Sentinel.

WESTERN PACIFIC RAILROAD

Nobody appears to know at just what point George Gould intends entering San Francisco with his Western Pacific railroad, and there is not much liklihood of the big secret being divulged until the rich New Yorker and his friends get possession of all the property that is worth having in the immediate neighborhood. There has been much speculation on the subject, and we have heard it hinted that the San Francisco termines would be locatad near Hunter's Point. But there are some wiseacres who think that the Western Pacific will enter the city from the north shore. But at whatever point the road enters, it is bound to give renewed impetus to the growth of San Francisco. And we are told that we are soon to feel the effect of the unloading of Gould's money in this vicinity; that the work of consteuction is soon to be started at the western end, and that the program calls for the putting into the field of construction gangs aggregating forty thousand men, whose wages will aggregate nearly one hundred thousand dollars a day. Gould's withdrawal from the directorate of all the Harriman roads means that the fight for transcontinental business is on in earnest, and we hear that the young millionaire is intent on getting his system into operation within two years.—Town Talk.

Perhaps after all it will develop that Lawyer Collins was never married to anybody, but only made people believe so. Recent developments seem to be tending that way.

Mrs. President Tuttle of the Civitas Club gets back at ex-President Cleveland neatly. She says he is more ponderous than spiritual, and the best thing he said was a quotation.

None of the Presidents of the United States succeeded in accumulating a fortune of a million dollars. It must be that something besides brains is required to make money.

A body buried in Point Arena cemetery was preserved for forty years. That would be good soil in which some cities should bury their civic virtue.

Some wise railway men say that waterways help their business, and what is to hinder government regulation of maximum freight rates from working favorably for all concerned.

Portland can not hope for much help from the East for the Lewis and Clark exposition. Eastern people are wedded to Coney Island and the race track.

Aa a mild retort it would be just like Mr. Carnegie to set aside a small fund for the maintenance of decayed dukes.

Will Be on the Panama Board.

Word has been received from Washington that Herman Schussler, chief engineer of the Spring Valley Water Company, is to be a member of the board of counselling engineers on the Panama canal. Mr. Schussler, who has long been the guiding spirit of the Spring Valley Water Works, is recognized as one of the most competent statisticians and methematicians in the country. It was under his direction that the great water plant was built. He is at present in Europe with his family.

Glove Contest Next Week.

The Redwood City sports and those of the surrounding towns will be treated to a championship glove contest, one which promises to be the best ever pulled off in this city. Fred Hanson of Mayfield, well known in this part as a comer in the pugilistic art, has decided to go after hard game and has signed up articles for a fifteen-round contest with Harry Chester, champion light heavy-weight of the Pacific coast, and the event will be pulled off in this city next Saturday evening, June 3d. Chester has held the championship for two years, and it is now up to Hansen to take it from him. A six-round contest will also take place between two well-known boys.

Collier's Weekly intimates that the sign "standing room only" will have to be put up in New York harbor if the rush of immigrants from Europe continues. There is already a lack of elbow room in some of the Eastern States, and the late arrivals show a decided inclination to squat down where they land. Unsettled prairies in the Far West no longer beckon immigrants to come on and occupy the land. The landed heritage of the people has been given away or stolen by land-grabbers, hence the new comers are wage earners rather than homeseekers — a fact that promises sinister changes in our national life.

A constable stopped to eat an oyster and lost his prisoner. It is only natural that the prisoner, seeing the constable take an oyster, should avail himself of the lobster.

Attorney George D. Collins can testify that a mother-in-law has her uses.

GIVEN AWAY

"The Three Most Beautiful Roses" By Paul de Longpre.

At the urgent solicitation of the "Woman's Home Companion" Mr. Paul de Longpre, who is the greatest painter of flowers in the world, consented to make a painting of what he considered "The Three Most Beautiful Roses," and the painting is without doubt one of the masterpieces of this great artist. This magnificent picture is reproduced in all its original grandeur on the cover of the Woman's Home Companion for June. Although this cover is an accurate reproduction of a painting worth hundreds of dollars, yet the June number, which has this exquisite cover may be obtained at any first-class news-stand or direct from the publishers for the trivial sum of only ten cents.

Mr. Paul de Longpre is justly styled the "King of Flower Painters." He not only paints roses, but every flowers that grows, and is the highest authority on flowers. His paintings are found in the most select homes. Some have sold for as much as seven thousand five hundred dollars ($7,500.00).

Artists, art critics and competent judges all agree that the covers of the Woman's Home Companion far excel thoseof any other magazine.

The Woman's Home Companion is a magazine which in beauty and excellence, art, stories, illustrations and fashions, etc., excels all home and family magazines. The Woman's Home Companion is published by The Crowell Publishing Company, New York City, also Chicago, Ill., at One Dollar a year, and is the favorite magazine in nearly half a million homes, where it is read each and every issue by three million people.

While working before the gas furnace at the Electric Light station, John Fish, the engineer, was badly burned on the hands and face. He was endeavoring to cause some crude oil to flow faster, when a blast of air sent a sheet of flame towards him. He tried to avoid it, but was unable to do so. Dr. Ross was called and attended to the injuries, which will soon be healed.

Trustee Littlejohn raised the question at the Board meeting Monday evening of the advisability of having property owners informed to cut the thistles on their property. Mr. Littlejohn stated that in places about town the thistles were eight feet high and would soon begin to seed, hence they should be cut. It was therefore decided to bring the matter to the notice of property owners, who must cut these obnoxious weeds or else have the town do it at the expense of owners.

THE IMPROVEMENT CLUB.

It Will Be Reorganized and More Energy Put Into the Club.

Last Tuesday evening in accordance with the call given at the Promotion Club lecture a number of our prominent citizens met at the town hall to formulate plans for reorganizing the old improvement club or to form a new association.

The need of such on organization at this time is apparent to everyone and these gentlemen took the initiative and temporarily organized with Messrs. F. H. Thorpe and C. G. Landscheit as temporary chairman and secretary.

After a discussion of the scope of the association to be formed, it was deemed wisest to move slowly and two committees, of three each, were selected to present names for the permanent officers and furnish a draft of constitution and by-laws and these committees are now at work.

Both committees are to report this coming Wednesday evening at 8 o'clock at the town hall when permanent organization may be effected and everyone who has the interest of Redwood at heart should be on hand.

These clubs are proving most effective in the upbuilding of those committees in which they are located, and we cannot afford to lag behind in the march of progress of the peninsular towns. It is time for us to be up and doing. Naturally we have the best location but unless we make known our advantages people will pass us by and settle in other towns with their homes and manufacturing plans because of lack of knowledge of what we have to offer.

Let all be on hand next Wednesday prepared to put our shoulders to the wheel and boost.

The wise man and the fool's money are soon united.

LAID TO REST.

Frank M. Granger Buried at Cypress Lawn Beside His Child.

The funeral of Frank M. Granger, whose passage from this life occurred so suddenly on Friday of last week, took place Monday morning from his late residence on Phelps street. The services were conducted by Bay View Lodge, I. O. O. F., of which the deceased had long been a member. Rev. Wilfred, of the Methodist Episcopal church, preached the sermon and pronounced the eulogy over the body.

The funeral procession was formed at the house and was one of the largest ever seen in this city. The 12:03 train conveyed the remains to Cypress Lawn cemetery, where the burial ceremonies of the Odd Fellows were observed, Alexander Frazer, noble grand, conducting the exercises. The remains were then placed in the receiving vault to remain until Mrs. Granger could decide on a burial place.

On Thursday the interment took place and Mr. Granger was laid to rest on a sloping hillside. Beside him was placed the remains of one of his children who had been disinterred from the Menlo Park cemetery. And thus all that was mortal of one of the most respected men San Mateo county has ever known was consigned to its last resting place.

SUES FOR HEAVY DAMAGES.

Herinda Armos Wants $25,000 from San Mateo County

Herinda Armos, through her attorneys, Knight & Heggearty of San Francisco, began suit in the Superior Court this week against John Coleman, J. Debenedetti, P. H. McEvoy, Doctor McCracken, and Julius Eikerenkotter, and their respective bondsmen, to recover $25,000 from the former and $2500 from the sureties for the death of her husband.

The complaint alleges that on August 25, 1903, Robert E. Armos was hauling a traction engine and threshing outfit over the road between Lobitos and San Gregorio and in crossing what is known as "Long Bridge" the timbers gave way and he was precipitated to the creek below and killed.

It is alleged that the accident happened through the negligence of the Supervisors for not keeping the bridge in repair; that they were aware of the insecure condition of the structure. After the accident the plaintiff in the action presented the Board with a claim for $25,000 and it was promptly rejected on the advice of the District Attorney. It was then shown that the bridge was far too small to support the engine and this was known by Robert E. Armos. This was nearly two years ago and very little attention was paid to the matter. Manuel Catanio, the owner of the engine and threshing outfit also brings suit against the Supervisors and their bondsmen to recover the sum of $2500 for the loss of his engine and threshing outfit. Knight & Heggerty also are the attorneys for the plaintiff. John MacBain is not a party to the suit, he not being a member of the Board at the time of the accident in August, 1903.

THE TAX-COLLECTORSHIP.

Many Candidates Appear to Seek the Coveted Appointment.

Many candidates have loomed up for the vacant Tax Collector's office, and the contest for the coveted plum promises to be a warm one. Those who are seeking it are John Weller and John Burke of San Mateo, and J. F. Johnston, County Recorder, and W. A. Price of this city. It is not known who will get the office, though Mr. Johnston appears to have the confidence of the people and the Republican party's support. Mr. Price also has strong backing. The San Mateo aspirants have powerful influences at work. The appointment will be made June 5th. Chairman Coleman is in Southern California, and should he arrive home it is just possible a meeting will be called early next week.

CHILD LABOR.

Legislation on the Subject that Was Approved by the Governor.

The last Legislature passed an act, which was approved February 20, 1905, regulating the employment and hours of labor of children, prohibiting the employment of minors under certain age, and certain illiterate children. Any child over twelve years may be employed during vacation of the public schools upon the production of a permit signed by the principal of the school which such child has attended during the term next preceding any such vacation. Such permit shall contain the name and age of the child to whom it is issued, and the date of the termination of the vacation for which it is issued, and shall be kept on file by the employer during the period of employment, and at the termination of such employment shall be returned to the child to whom it was issued.

No minor who is under sixteen years of age shall be employed or permitted to work at any gainful occupation during the hours that the public schools of the city, town or school district in which his place of employment is situated are in session, unless he or she can read English at sight and can write legibly and correctly simple English sentences, or unless he or she is a regular attendant for the then current term at a regularly conducted night school. A certificate of the principal of such school shall be held to be sufficient evidence of such attendance.

Do Not Neglect Your Eyes.

Dr. J. May, the Palo Alto optician, who regularly visits out of town every two weeks, will be here on Wednesday, May 31st, from 1 to 5 p. m., at Dr. Maine's office. He cordially invites all who have trouble with their eyes to call. No charge for examination.

There will be an endurance run of San Francisco motor cyclists to-morrow morning. The run will be from San Francisco to Hotel Del Monte.

There was a rumor afloat yesterday to the effect that a San Francisco syndicate was to build a 100-room hotel near town. However, the story could not be verified.

George Clack leaves for the Portland fair next week and will be present at the opening of the exposition. He will visit all points of interest in the North before returning.

Miss McIntyre, eldest daughter of Professor McIntyre, departed Wednesday for Salinas to spend her vacation with friends. The young lady is one of the bright co-eds of Stanford.

Many from here attended the promenade at Stanford last Tuesday evening. The crowd in the quadrangle was very large and the music excellent. The University closed for the summer vacation on Wednesday.

Professor M. B. Anderson and his wife entertained the graduating class of the English department of Stanford at his home here last Monday. Ninety students were present and enjoyed the hospitality of their instructor, who is head of that department.

Harry B. Morey & Sons have been awarded the contract to do the concrete work in the new warehouses that John MacBain is erecting for Charles N. Felton at San Francisco. The price of the contract is $23,000. Morey has thirty men employed on the work.

The seven professors who bought subdivisions at University Heights some time ago will begin building next Monday and will prosecute the work speedily during the summer vacation. A stage for the convenience of the professors and their families will run from the Heights after September next.

Charles Murray has rented one of the stores in the Coxen block and on the first of the month will open a confectionery store and ice-cream parlors. He will carry an up-to-date stock of choice candy. He is popular and will no doubt meet with success in the enterprise.

James Partridge arrived Tuesday from Manila, where he had been for the past three years as agent for Castle Bros. He had not been heard from for several years and it was thought he was dead. His father died recently and left him $50,000 as his share of the estate. He has employed Geo. A. Knight to look after his interests.

Dennis J. Mahoney, a capitalist of San Francisco, has bought block 1, containing five acres, in the Coleman tract, on which he will shortly erect a $20,000 residence. This is the first parcel of land sold in the tract. There have been several negotiations pending and more will be made within a few weeks. It is choice property that will soon be in great demand.

R. D. Cruickshank, a prominent member of the Menlo Park Horticultural Society, has been appointed chief gardener for the Paso Robles Springs and leaves for the scene of his new duties next Monday. Mr. Cruickshank is an experienced gardener of ability. He took a deep interest in the Horticultural society, and he carries the best wishes of its members.

Professor McIntyre gave a reception to the pupils of his room at his residence on Santa Cruz avenue last Friday night. The function was much enjoyed by all. Vocal and instrumental music, games and story telling whiled away the hours until refreshments were served at 10:30 o'clock. It was a joyous occasion that will long linger in the memory of those who were present.

At a meeting of Menlo parlor, N.S. G.W., held Thursday evening, the following officers were nominated: J. E. Bracesco, past president; J. E. Fitzgerald, president; Frank Andrews, first vice-president; Rod Taylor, second vice-pres.; Frank Johnson, third vice-pres.; Geo. Fromhertz and Chris. Kugeler, marshal; Charles Smith, recording secretary; L. McLellan, financial secretary; W. A. Doyle, treasurer; Moses Kavanaugh, trustee.

Father Lyons departed for his boyhood home in Ireland last Thursday. He is accompanied by Father Yorke and later will be joined by Father Casey at Boston, and on June 6th the party will cross the ocean for the little Green Isle. It is now seventeen years since Father Lyons left his native land, and he returns to visit his aged father. Before returning the party will visit the Holy Land and the Eternal City. Father Lyons will be absent until next November and during his stay abroad Father Bailey will have charge of the parish, assisted by Father Meyer of St. Patrick's seminary. Father Lyons has labored hard for this parish and deserves a vacation. He carries with him the best wishes of his parishioners for a pleasant trip and a safe return.

Mrs. Eliza Carroll, mother of Mrs. J. H. O'Keefe and Mrs. David Kirby of this place, passed peacefully away Tuesday evening after a short illness. Deceased was born in Ireland, but when 15 years old came with her mother, brothers and sisters to New York, where she married David Carroll at the age of 19. After a residence of some four years in that city she sailed around the Horn to San Francisco to join her husband, who had crossed the plains the same year, 1852. Twenty years ago her husband died and she was left with six children, whom she raised and educated by hard work and making many sacrifices. Three years ago deceased came here to reside with her daughter Mrs. Kirby. Mrs. Carroll was a devoted mother, a true Christian woman, a kind neighbor who did her life's work well and was ready to go when the Death angel called. A solemn requiem mass was celebrated in the Church of the Nativity Thursday morning. Father Bailey was assisted by Father Meyer and Father Doran of St. Patrick seminary. A special choir from San Francisco sang the mass. The remains of this noble woman were placed on the 12 o'clock train and taken to Holy Cross cemetery, Colma, and consigned to their last resting place alongside her husband who had preceded her to the grave twenty years before. She leaves to mourn her four sons and two daughters.

MOUNTAIN VIEW.

A Special Event is Planned for that Favored Locality.

The Central Coast Counties Improvement Association meets at Mountain View very soon.

The boards of trade and similar organizations between Lompoc and San Mateo are organized in a central coast counties improvement association, which meets quarterly to promote good feeling, interesting ideas, get members acquainted, and educate every part of the coast counties about every other part.

The counties interested are San Mateo, Santa Clara, Santa Cruz, San Benito, San Luis Obispo and the northern part of Santa Barbara county.

The Southern Pacific announces a rate of one fare for the round trip, on the certificate plan. Any member of the board of trade accredited by its secretary is eligible as a delegate. There should be a large attendance. The wonderful growth of the section around Mountain View will be a stimulus to enthusiasm for all believers in California.

FOR LOWER CALIFORNIA.

Asa T. Weeks Leaves San Diego to Go Prospecting.

Asa T. Weeks, who has been stopping at San Diego for the past three months, left this week for Tia Juana, Lower Cal., on a prospecting tour. In a letter to a friend here he says:

"I leave here to-morrow on a six month's trip down into Lower California. I have already made one short trip and was very much impressed with what I saw. If it had not been for the continued rain and bad weather I would have remained longer. However, it will be a great benefit to the country, for water will be plenty. Its scareity has always hampered the prospector and stock raiser. Feed is great this year, residents say better than for the past nine years. I did not see any great number of srock, but what I saw was looking fine. Some time in the future I will endeavor to give you my impression of the country and the conditions. At the present time I am not familiar enough to do it justice.

During my stay at San Diego I many times met W. A. Clark, an old-time resident of Redwood, and A. P. Johnson Jr., who I believe was born and raised in Belmont. Mr. Johnson was for many years connected with the County Clerk's office, but gave up his position to establish the Union Title and Trust Co., of which he is secretary and treasurer and a large stockholder. He has made it one of the most prosperous business houses in San Diego.

All the hay on this side of the line and in the neighborhood of San Diego has been badly damaged by rains, which will make it of a very poor quality.

Yours very respectfully,
ASA T. WEEKS."

INCORPORATED.

An Electric Road to Connect San Francisco and Halfmoon Bay.

The Ocean Shore Railway Company filed articles of incorporation in the clerk's office Tuesday. The company is incorporated for the purpose of building an electric railroad down the coast from San Francisco to Halfmoon Bay. The capital stock is placed at $3,000,000, consisting of $30,000 shares at $100 per share. The stockholders are Walter E. Dean, J. Downey Harvey, Charles Carpy, C. E. Green, Charles C. Moore, Alfred D. Bowen and Burke Corbet.

Mr. Bowen is a railroad builder. Mr. Corbet is the attorney of the company. John P. Rogers is the engineer for the new road. The company plans an electric inter-urban road which is to compete with the Southern Pacific for passenger traffic between San Francisco and Santa Cruz and supply the want of quick service to the little hamlets along the ocean shore. The road is to start from a terminal near China Basin, run along Army street and follow Islais creek to Ocean View. At this point it crosses under the Southern Pacific tracks and strikes across to the shore. Hugging the shore line it passes Halfmoon Bay, Purissima, San Gregorio, and near, though not directly through, Pescadero, and taps some small places along the coast. The Santa Cruz terminal is near the Pacific Coast Steamship Company's wharf on Monterey Bay, not very far from the Sea Beach hotel. The whole length of the line is 83 miles.

Back of the company there is a syndicate which has bonded or purchased some 2600 acres of land as a real estate investment. This includes 1400 acres on the ocean at Halfmoon Bay, where they have in view the building of a resort "on the lines of Coney Island," Mr. Bowen puts it. The names of those who are in this syndicate have not been made public.

The company also plans a branch line which will reach out toward the Cliff House and extend into the business portion of town, but this part of the project is not fully matured.

Newspaper Changes Hands.

L. P. Hathaway has disposed of all his holdings in the Palo Alto Citizen, and John F. Parkinson becomes its owner and publisher, Mr. Hathaway remaining with the paper as editor and R. A. Thompson, formerly of this city, does the hustling act for advertising and fuel to get up steam. The combination is a strong one and henceforth the Citizen should rank as a paying paper as well as a good readable one, which it now is.

DELTA CHI CHAPTER.

Stanford Is First Western College to Be Admitted into this "frat."

The nineteenth chapter of "Delta Chi," the national legal fraternity, was formed Saturday night at the St. James Hotel, San Jose, when the petition of fifteen students of Stanford University was recognized and the chapter installed. After the installation a banquet was held, only the new members and three national officers of the fraternity being present.

The Delta Chi fraternity has now nineteen chapters in the eastern portion of the United States and one in Toronto, Canada. Stanford has the honor of being the first western college to be admitted within the exclusive "frat." The installation of the chapter and charter members was held by Edward C. Nettels of Des Moines, Iowa, National President, Delta Chi, D. M. Haigh, Salt Lake City, and John Murphy, Washington, D. C., two other national officers. The admittance of the Stanford chapter was preceded six days by one from the University of West Virginia.

Hall C. Ross of this city was elected president and Leslie Johnston one of the vice-presidents.

Sequoia Alumni Reception.

The eighth annual reception of the Sequoia union high school Alumni Association will take place next Saturday evening, June 3d. The affair will be in honor of the graduation of the class of 1905. At 8 p. m. there will be a business meeting of the association in the school building. The election of officers for the coming year and several short speeches from members should occupy the time until 9 p. m., when an Alumni dance will be held in Odd Fellows' hall. All members of the association, as well as the faculty of Sequoia union high school, are invited to this affair. Outsiders will be admitted to the dance by invitation, the same having been sent out during the week.

Received Advanced Degrees.

Besides the students from Redwood City who were graduated from Stanford University Wednesday as "Bachelors of Arts," two graduates of Sequoia high school and residents of this place were given advanced degrees. Stanley Smith was given his degree of Master of Arts from the Romanic language department, his thesis being "The Sources and Composition of Cretien de Troyes' Cliges;" and Hall C. Ross had the degree of Bachelor of Laws conferred on him by the University, and the hood of a Bachelor put upon him by Dr. Jordan. Mr. Ross will in all probability take a year's course in the law department of Harvard, and young Smith most likely will be given a professorship at Stanford. For the past year he has been an assistant instructor of languages.

Applies for Guardianship.

William Cazeres has applied in the Superior Court for letters of guardianship upon the estate and person of Wm. H. Clark, an incompetent person who has for some time been conducting the Sixteen Mile house in the First Township. The petition alleges that Clark is unable to care for his business and property, owing to his excessive use of liquor. The Sixteen Mile house is the property of petitioner.

Breen Jury Disagrees.

The second trial of Jeffrey Breen for the murder of Peter Olsen at Burlingame last December commenced in the Superior Court last Tuesday. The evidence was the same as that presented at the former trial. The case was given to the jury Thursday morning. Being unable to agree, Judge Buck discharged the jury after it had deliberated for several hours. It is understood that there were nine of the jurymen for conviction and three for acquital.

ALL AROUND THE COUNTY

Events of the Week as Recorded by Corps of Special Correspondents.

An Entertainment Will Be Given in Independence Hall on Wednesday Evening.

WOODSIDE, May 26.—The regular services at the Woodside Congregational church to-morrow will be omitted on account of the baccalaureate address at Sequoia union high school.

The members of the Redwood City Christian Endeavor Society will give an entertainment in Independence Hall on Wednesday evening for the benefit of the Woodside Congregational church. The play "A Modern Lover" will be produced. This play is a two-act comedy drama and was received very favorably in Redwood. The ladies and gentlemen comprising the cast have learned their parts exceptionally well and the attention of the audience is sure to be carried from the start to finish. Those who are not able to attend will miss a treat.

Edward Dearborn and wife entertained their many friends last Saturday evening at their home. Singing, dancing and all kinds of fun were indulged in until a late hour when all sat down to a feast fit for a king. Edward and his wife are great entertainers and every body always enjoys their company.

The handsome face of Joseph A'Hearn was seen in our midst last Sunday. Joseph has charge of the plumbing on Mr. Folger's buildings and expects to commence on the work very soon.

Mrs. J. Muller has opened up an ice cream parlor in her new boarding house. Woodside has long been in need of such a place and no doubt the undertaking will be a success.

Don't forget the dance in Independence hall to-morrow evening. The event will be pulled off rain or shine. Supper at Woodside Hotel.

The hall directors held a very important meeting last Saturday evening and decided to put in a new floor and white wash the rear of the hall.

The enlargement of the hall which is sadly needed seems to be as far away as ever.

Last Monday week we had a real summer's day and to-day is a real winter's day. The climate here is very changeable.

Mervyn MacArthur has gone to Santa Cruz where he has secured the position as sawyer in Thomas Early's mill at that place.

Charles Jenkins has severed his connection with R. O. Tripp and Gerald Halsey has taken his place.

Edward Shine has returned from a three months' tour of the south where he has been in search of health.

Miss Fannie Walker is spending a short vacation with her folks in this place.

John Walker dislocated his shoulder last Thursday.

WEEKS' MILL.

WEEKS MILL, May 26, 1905—Any one doubting the advisability of branding cattle via the steam method should have been counted among the assemblage surrounding the slaughter house at the ranch last Sunday; here their doubts would have slipped away and the practicability of the scheme was placed before their eyes and mouths.

It was at ten o'clock that the engineer, Nowell Langley, opened the steam throttle which started the wheels in motion. At first the motive power seemed reluctant to act in accordance with the claims set forth by the Mayfield contractor, Bill Fisher. His arguments were all plowed asunder when the engineer announced that the steam was wurm instead of cold, as it should be—who ever heard of cold steam among these hills and gulches, anyway! Chagrined by the irritating news, he jump the coal passers for not attending to business properly. The lion of the hour and day, too. But Shepard, and his assistant, Percy Hildebrandt, occupied the capacity of tossing the black bits of bituminous matter in the fire box. They work laboriously for some little time, until the steam gauge and the various pipe fittings about the fireroom were tingling from the excessive steam pressure. Then they took a rest; for the atmosphere about the place was anything but inviting to those that, for reasons of their own, detested the oder of evaporated steam—and Bob and Percy were thetr with the "goods" along the line.

They all died!

Osteopathy.

Dr. Geo. B. Dresbach of Palo Alto will receive patients for treatment and examination on Tuesday, Thursday and Saturday forenoon of each week. If you are sick give the new Science of Osteopathy a trial. Chronic diseases, spinal curvatures, stomach troubles, heart diseases, liver troubles and women's diseases. Consultation and examination free, at Mrs. Titus' place, corner 1st avenue and B street. Beginning Tuesday, May 30.

Applied for Letters.

Emma Norton, formerly Emma Myers, has applied for letters of administration upon the estate of her father, who died in London, England, on August 6, 1899. The estate consists of certain real property in San Mateo valued at $1000. The heirs-at-law are Emma Norton and Mary Levy, daughters, Rosie Myers the widow, and Edward Myers a son, all residents of San Francisco.

Visited His Old Friend.

Rev. C. S. Fackenthall, who twenty years ago had charge of St. Peter's Episcopal church in this city, was here this week on a visit to his old friend, James Crowe. Mr. Fackenthall is at present in charge of a church at San Luis Obispo.

A SUDDEN TWINGE

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous uric acid which is the cause of the disease.

"Your 'Golden Medical Discovery' cured me of rheumatism after I had tried a dozen remedies without relief and also gone West in search of health," writes Harry Kitter, of No. 1645 6th Street, Denver, Colo. "Only those who have suffered from this dread malady know the pain and misery I endured for over five years. Whenever the weather was damp or cold my troubles were increased and my joints would be so stiff and sore that I was hardly able to move about, and often unable to dress myself. I used a number of highly recommended medicines, but they had no effect whatever on me, and I came to Colorado hoping to regain my health, but failed to obtain the relief I had hoped for. A gentleman in the house where I lived advised me to use Dr. Pierce's Golden Medical Discovery, and in four months and a half after I began using it I was a well man, and have had no touch of it for the past seven months."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Pierce's Pleasant Pellets These tiny, sugar-coated anti-bilious granules regulate and invigorate Stomach, Liver and Bowels. Do not beget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor. Put up in vials; always fresh and reliable.

FIRST MAP OF THE SKY.

It Was Made 1,420 Years Before the Christian Era.

At a very early period in the history of astronomy it was felt that the stars should be divided into distinct groups or constellations. This important task has engaged the attention of astronomers from remote times and has only been brought to its present perfection by a long series of intellectual efforts.

According to Clement of Alexandria, it was Chiron, believed to be the maker of the first celestial globe, who, 1,420 years before the Christian era, divided the starry heavens into constellations and so mapped out the sky. Newton upheld this opinion, which is further corroborated in the book of Job, where allusion is made to Orion, the Pleiades, and the Hyades, a proof that at a very early period there had been a grouping of the stars.

Hesiod in his "Works and Days," written 2,700 years ago, also refers to several of the constellations as though their names were familiar to his readers.

DARNETAL III was bred by James Curran of Redwood City. He was sired by the registered French coach stallion Darnetal II, No. 2491; his dam a full-blooded Cleveland bay mare. He is 5 years old this spring, stands 16 hands and 3 inches high and weighs 1550 pounds. He is a handsome mahogany brown, high-headed, and a high stepper with fine knee action.

Darnetal II, the sire of Darnetal III, is a magnificent specimen of the French coach horse (demi sang corrosier). He is a blood bay stands 17 hands high and weighs 1500 pounds. Bred by M. Renault, Colomby, France. Sired by the great French government stallion Darnetal, No. 12,381, by Utique (French government national stud). Dam La Pelote, by Lansborn (French government national stud).

His record of fifteen first prizes in the show ring, beating the best horses in France, Canada and California, show him to be the greatest horse of this breed that ever crossed the Atlantic. He is full blood and registered in both France and America.

His prize winnings are as follows: First prize at Government Concours of Alencon, 1891; first prize and diploma of le Pin, 1892; first prize at Caen, 1893; first prize at Paris 1893. Bought for 12,000 francs in 1893 and imported to Canada. SUMMONS.

In the Superior Court of the County of San Mateo, State of California.

REDWOOD CITY SALT COMPANY, a corporation, Plaintiff, vs. R. ANASTASIA SWEENY PESCIA, FRANK MAHON, THE GERMAN SAVINGS AND LOAN SOCIETY, a corporation, B. A. BECKER and GEORGE TOURNY, Defendants.

Action brought in the Superior Court of the County of San Mateo, State of California, and the complaint filed in said county of San Mateo, in the office of the clerk of said Superior Court.

Geo. C. Ross, attorney for plaintiff, Redwood City, California.

The People of the State of California send greeting to: R. Anastasia Sweeny Pescia, Frank Mahon, The German Savings and Loan Society, a corporation, B. A. Becker and George Tourny, defendants.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the County of San Mateo, State of California, and to answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this summons, if served within said county; if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the court for any other relief demanded in the complaint.

That the said action is brought to obtain a decree for the specific performance, by the defendant R. Anastasia Sweeny Pescia, of a contract and requiring her to execute and deliver to plaintiff all of the lands and premises situated near Redwood City, in the County of San Mateo, State of California, and bounded and described as follows, to-wit:

All of the marsh land lying East of the Redwood City Creek and South of the West Point Creek, excepting those portions of sections sixteen, seventeen, twenty and twenty-one Township five South, Range three West, which join the lands of W. Holder, and lying South of the Steinberger creek, and which said lands constitute fractional sections eight, nine, fifteen, sixteen, seventeen, twenty-one and twenty-two in Township five South, Range three West, Mount Diablo Meridian, and containing 1783.96 acres, and adjudging that the remaining defendants have no interest in said premises, and for general relief and costs of suit.

Witness my hand and the seal of said Superior Court of the County of San Mateo, State of California, this 11th day of March, A. D. 1905.

Wine of Cardui Cured Her.

213 South Prior Street,
ATLANTA, GA., March 21, 1903.

I suffered for four months with extreme nervousness and lassitude. I had a sinking feeling in my stomach which no medicine seemed to relieve, and losing my appetite I became weak and lost my vitality. In three weeks I lost fourteen pounds of flesh and felt that I must find speedy relief to regain my health. Having heard Wine of Cardui praised by several of my friends, I sent for a bottle and was certainly very pleased with the results. Within three days my appetite returned and my stomach troubled me no more. I could digest my food without difficulty and the nervousness gradually diminished. Nature performed her functions without difficulty and I am once more a happy and well woman.
